

De esta forma se vería el código de JavaScript al ejecutarlo con node en el bash del subsistema de linux.

A terminal window titled 'xoarsi@DESKTOP-HE7U9AF: /mnt/c/WINDOWS/system32' with standard window controls. The terminal shows the command 'node main.js' being executed. The output consists of three lines: '[Function: Logger]', 'Logger { count: 0, name: undefined }', and 'This is a new functionality for the object'. The prompt 'xoarsi@DESKTOP-HE7U9AF: /mnt/c/WINDOWS/system32\$' is visible at the bottom.

```
xoarsi@DESKTOP-HE7U9AF: /mnt/c/WINDOWS/system32$ node main.js
[Function: Logger]
Logger { count: 0, name: undefined }
This is a new functionality for the object
xoarsi@DESKTOP-HE7U9AF: /mnt/c/WINDOWS/system32$
```
